This amount would be used for activities, performance and demonstrations as well as to bring people together and increasing footfall. The board members acknowledged that £1,000 had been allocated for the previous year. Karl suggested that in order to make the decision on granting the funding, it would be beneficial to receive input from their fellow board members in order to make a collective, well-informed decision as attendance was low at this meeting. The present board members agreed that this application will be discussed at the next meeting.

In relation to advertisement, Kim asked whether we still had leaflets circulating regarding the events and new as well as existing businesses in Kendal. The board members agreed that to grant the amount on the basis that the business owner is up to date with their levy payments, which is a new condition to satisfy in order to access Kendal BID's grants and funding opportunities.

Item 5 – Visit-Kendal.co.uk

Peter expressed that he had received a response from Anna regarding the presence of Kendal BID on the Visit-Kendal website. He shared the document with the board members, which highlighted the website's positive impact on the board. Karl suggested that it would be beneficial for Kendal BID's logo to have a hyperlink, which would take an interested user directly to Kendal BID website. Peter will feed this back to Anna.

The board discussed the "What's On" leaflets (displaying all events and festivals in Kendal), which could cost £1,833 plus VAT for the print and distribution of 12,500 leaflets. Some board members highlighted the need for the leaflets as there is an appeal for access to printed information about events and attractions, as there is a clear demographic for the leaflets.

The board agreed to discuss this further at the next board meeting when all board members are present.

Peter reported that the original finalised date for the AGM is Tuesday 14th May 2024. However, he proposed pushing it back to late May or early June. Item 7 – Any New Projects, Submissions or Funding Requests

Peter re-proposed the concept of the screens for marketing and advertising purposes to the board members. Lee emphasised the importance of where the screen are located, as it would be most beneficial to businesses if it is in full view to attract tourists and visitors. The board members agreed that where the screens are placed is key to the concept being viable in its purpose. Joshua shared that, without the interactive component, the screen concept for advertising and marketing businesses may not attract as many tourists as the board would hope. The board agreed that the interactive element is significant and will discuss this further at the next board meeting to reach a conclusive decision.

Item 8 – BID Office

Peter updated the board members of the progress of the new office: the carpets should be completed by the end of the current day, the broadband issue is fixed after Karl's assistance and support, and Peter has purchased the oil radiator for his office space. Joshua offered to provide a television screen for the office's meeting room, which he will arrange over the coming weeks.

Joshua restated that the annual cost for Kendal BID to rent the shared office space alongside Westmorland Group Holdings is £3,500. The board have agreed that this will be paid in regular monthly instalments to Westmorland Group Holdings, and Lee will draft a licence to occupy agreement.

Item 9 – Urgent Business Arising
